How to install GIT and check out project.

Steps:

1. Go to 'https://git-scm.com/download/win'. Download the last version.
2. Install GIT.
3. Open project on GITHUB 'https://github.com/iurgamy/MyLibrary'
4. Copy link to repository.
5. Open GIT BASH.
6. Go to project directory.
7. Check out project:

```
git clone https://github.com/iurgamy/MyLibrary.git
```

8. Double check that code was successfully checkout to folder "myproject".
